MathStar Schedules First Quarter 2008 Conference Call for May 8

HILLSBORO, Ore., April 24, 2008 -- MathStar, Inc. (NASDAQ: MATH), a fabless semiconductor company specializing in high-performance programmable logic, has scheduled its first quarter 2008 financial results conference call for Thursday, May 8, 2008 at 1:30 p.m. Pacific time. MathStar will release its first quarter results at approximately 1:00 p.m. Pacific time that same day.

To listen to the call, please dial 303-205-0055 or 800-257-2182. A replay of the call will be made available on the company's website at <http://www.mathstar.com>.

About MathStar, Inc.

MathStar is a fabless semiconductor company offering best in class, high-performance programmable logic solutions. MathStar's field programmable object array (FPOA) can process arithmetic and logic operations at 1 gigahertz clock rates, which is up to four times faster than even the most advanced FPGA architectures in many applications. MathStar's Arrix family of FPOAs are high-performance programmable solutions that enable customers in the machine vision, high-performance video, medical imaging, security & surveillance and military markets to rapidly and cost effectively innovate and differentiate their products. FPOAs are available now and are supported by development tools, IP libraries, application notes and technical documentation. For more information, please visit www.mathstar.com.
